# Pemberton Branch Review.

Our branch at Pemberton is closing on 11 May 2023.

## What you need to know.

The way customers bank with us is changing with over 90% of transactions now being made digitally. Over 2.2 million of our customers now choose to bank online, and over 1.8 million use our Mobile Banking App. Customers are also choosing other ways to bank with us, with 70% using services at our cash and self-serve machines and 28% using a Post Office®. We have had over 2 million conversations with our customers through our online chat service and our customers continue to use our video and telephone banking services. And we now have Mobile Money Confidence Experts in 45 communities across the country.

We remain committed to face-to-face services through a branch network that covers the whole country. Over 90% of our customers are within a 20 minute drive to their closest branch, or the location of a Mobile Money Confidence Expert. We need to make sure our branches meet the current and future needs of our customers. So we've looked carefully at our Pemberton branch at 675 Ormskirk Road, Pemberton, Wigan, WN5 8AH and how it is used, and we've taken the decision to close it and open a new Pod. It will be open before this branch closes at an accessible location in Wigan to help with most of your banking needs including:

- Help using Internet and mobile banking trouble shooting.
- Support with managing your money.
- Managing finances if you've suffered a bereavement.
- Help with general product enquiries.
- Cash withdrawals.

## Banking Hubs.

Banking Hubs have started to open across the UK, so that vital cash and banking services can be provided where they are needed most. A Banking Hub operates in a similar way to a branch and the counter service is run by the Post Office®. TSB customers can withdraw and deposit cash, make bill payments and other transactions.

## How we made our closure decision.

Before we reach a decision to close a branch, as part of our commitment to the Access to Banking Standard, we carry out a full local analysis to understand the impact the closure may have on the community, which includes:

- How customers use the branch now.
- The current in-branch services available.
- Local banking alternatives such as Post Office® branches.
- Other ways our customers choose to bank with us.
- How customers use of the branch has changed over time.
- The impact on customers who may need extra support.
- Whether we own or lease the branch building.
- The public transport services available in the area.

We will talk with key members of the local community shown below about the closure. We'll publish details of any feedback we've received in our Community Engagement summary six weeks before the closure. To read a copy of this Branch Review online, and our Community Engagement summary, visit [tsb.co.uk/our-branches](https://tsb.co.uk/our-branches)

### Who we will contact about the closure:

- The office of the local MP/MSP.
- The councillors for the ward.
  - The Chief Executive of the local council.
  - The leader of the local council.
- Local Chamber of Commerce.
- Local Federation of Small Businesses.
- Local Citizens Advice Bureau.
- Post Office®.
- Age UK.
- Carers UK.
- Lending Standards Board.

We have referred our closure to the Access to Cash Action Group, an independent body tasked with ensuring long-term cash availability across the UK, and the needs of the local community have been assessed by LINK. The alternative ways to bank that we have available for local customers or customers who travel to use this branch is considered to be suitable.
