*An APRC (Annual percentage rate of charge) takes into account all of the costs of a loan and allows you to compare different mortgage offers, incuding those from other lenders
**Bank of England Base Rate, currently 5.25\%

## Representative example:

For a repayment mortgage of $£ 153,000$ over a 35 year term, you will make
24 monthly repayments of $£ 795.75$ at $5.24 \%$ fixed until 30 June 2026 . This will be followed by a further:
396 monthly repayments of $£ 1,048.24$ a month at the Follow On Tracker Rate, currently $7.74 \%$ for the remainder of the term.
The total amount payable would be $£ 434,201.04$, made up of the loan amount plus interest ( $£ 281,201.04$ ),
The overall cost for comparison is 7.6\% APRC Representative.
Your first monthly payment will be higher as it includes interest from the date the funds are released as well as the monthly repayment.
